Alii Place

Alii Place, an office building in Downtown Honolulu, has received its fourth Energy Star designation for energy efficiency, according to PM Realty Group, which manages the building.

The 362,437-square-foot building received a score of 96, which put it in the top 4 percent of energy efficiency for buildings nationwide.

Energy Star is a joint program of the Environmental Protection Agency and the Department of Energy that promotes energy-efficient products and practices.
